Case Study Mini-Version from the Station's Team.

Dean 57-year-old male had been coming to The Station Ltd for many years for meals, shower and use the laundry facilities. Dean was sleeping rough around Wynyard Train Station. As his alcohol and drugs consumption increased his mental & physical health deteriorated.

After persistent persuasion Dean finally accepted help from the Station. A Housing Application was put in place as he mentioned that he was fed up with being homeless. The housing application form was submitted, once the much needed Id documents were obtained, and also an app with the Homeless Health Team was arranged. Homeless team filled out the Medical Assessment form.. After many years of sleeping rough, Dean is enjoying his new home with pride.

Many thanks to Luke Hunter, BESIX Watpac Director, for donating this magnificent and much needed bench top through his Community Initiative Team.

**Thank you Eastern Tunnelling Package
John Holland CPB Contractors Ghella JV
Team for the much needed Washing Machine.**

**Thank you SPARTAN School Supply Specialist

Christmas Lunch 2023

The sheer volume of support and appreciation we've been getting over the years has been very moving to say the least. It is a constant reminder that the Christmas Lunch is possible as it is a collective effort which is the sum of the community.

Thank you to our staff and our gracious volunteers who help bring hope, joy, unity and peace to our clients and community in this time of Celebration. The food items and gift hampers donated by Market City, Shoe Revolution and The Rotary Club of Sydney Darling Harbour. May the spirit of generosity inspire many to do so and in return reap the joy felt by all of us at The Station.
